

Bahamas Zinc-Aluminum-Magnesium Cable Tray Prices

Article Overview

Zinc-Aluminum-Magnesium (ZAM) cable trays in the Bahamas typically range from \$25 to \$120 per meter depending on type, size, and supplier, with international shipping often affecting final costs.

Overview of ZAM Cable Trays

ZAM cable trays are made from steel coated with a Zinc-Aluminum-Magnesium alloy, offering excellent corrosion resistance, durability, and suitability for harsh environments such as coastal regions like the Bahamas . They are available in various types including ventilated trough, perforated, ladder, and solid tray designs, and can be customized in widths from 25mm to 200mm and side rail heights from 15mm to 200mm . Optional coatings and finishes, such as hot-dip galvanizing or anti-corrosion paint, can further enhance longevity .

Price Ranges

- Standard ventilated or perforated ZAM trays: \$25-\$50 per meter for smaller widths and lighter load capacities .
- Heavy-duty industrial trays: \$70-\$120 per meter, suitable for high cable loads (up to 300kg/meter) and larger side rail heights .
- Custom or non-standard sizes: Prices vary depending on specifications, production volume, and shipping costs from international suppliers
