

Belgian manufacturer of custom explosion-proof distribution boxes for smart buildings

Article Overview

Ysebaert NV and E-Abel are leading Belgian manufacturers offering ATEX-certified, customizable explosion-proof distribution boxes suitable for smart buildings.

Ysebaert NV

Ysebaert specializes in custom explosion-proof distribution panels for hazardous areas, fully compliant with ATEX directives. They offer enclosures in Ex d, Ex d e, and Ex t (dust) versions, allowing integration of terminals, circuit breakers, residual current devices, contactors, switches, and other control components. Their panels are rigorously tested for safety and reliability, and internal wiring is installed by Ysebaert to ensure compliance with strict explosion protection standards. They also provide solutions for gas groups IIB and IIC, with options for external operation of circuit breakers and hinged windows for convenience .

E-Abel

E-Abel provides custom electrical distribution boxes tailored to industrial, commercial, and residential projects. Their engineering team analyzes project requirements, including power load, environmental conditions, and smart integration needs, and designs panels using 3D digital twin technology. Materials such as steel, stainless steel, or aluminum are selected based on environmental conditions, and f...
