

Butterfly-shaped optical cable equipment manufacturers

Article Overview

Key manufacturers of butterfly-shaped optical cables include Kolorapus Cable, Hangzhou Putianle Cable, OMC, Huihong Technologies, and Yancheng Jingze New Material Technology.

Notable Manufacturers

Kolorapus Cable specializes in butterfly cables that are highly flexible, easy to handle, and designed for high-bandwidth applications with low attenuation, making them suitable for modern fiber optic networks. Hangzhou Putianle Cable Co., Ltd. produces butterfly optical cables alongside coaxial and wireless communication cables. They integrate research, development, production, and sales, offering both standard and customized solutions. OMC offers Butterfly Flat FTTH Drop Cables with low-bend-sensitivity fibers, LSZH sheaths, and dual FRP strength members for durability. Their cables support 1-12 fiber cores and are designed for indoor and access network installations. Huihong Technologies manufactures indoor FTTH butterfly cables suitable for intelligent buildings, campus networks, and LANs. Their products feature flame-retardant LSZH jackets, bend-insensitive fibers, and options for 1-12 optical fiber strands. Yancheng Jingze New Material Technology Co., Ltd. provides high-quality self-supporting butterfly-shaped optical cables, ideal for applications requiring robust, top-tier connectivity.

Key Features of Butterfly Optical Cables...

Article Content

Indoor butterfly -shaped optical cable advantage disadvantage

An indoor butterfly-shaped optical cable is a type of fiber optic cable designed for indoor use. It is named after its unique

Butterfly Indoor FTTH Drop Cable

Butterfly FTTH drop cable is a popular type of fiber access optical cable, according to the different application environment and laying

Butterfly (FTTH) Cable Production Line Optical Fiber Cable Making ...

Attributes Multifunctionalusage Jiangsu, Chinaplace of origin Krenobrand name YY-DLI SJ50 65 Butterfly (FTTH) cablemodel

China Butterfly Drop Optical Fiber Cable Manufacturers

High-quality Butterfly Drop Optical Fiber Cable from Yancheng Jingze New Material Technology Co., Ltd. ensures reliability for all

Butterfly cables, Butterfly fiber optic cables

Butterfly Fiber optic cables are specifically designed for use in indoor environments, often in confined spaces such as inside buildings

30 Types of Production Equipment for Optical... | AIMIFIBER

Optical fiber and cable manufacturing equipment is designed and made for the production Learn more from AIMIFIBER — fiber optic

109 Fiber Optic Cable Manufacturers in 2026

This section provides an overview for fiber optic cables as well as their applications and principles. Also, please take a look at the list

GJYXFHS Pipeline Butterfly-shaped Introduction Optical Cable

Pipeline Butterfly-shaped Introduction Optical Cable is engineered for efficient conduit entry of optical cables, offering robust

Butterfly -shaped optical fiber optical cable side connection method

Pigtail Splicing Pigtail splicing is a method of connecting butterfly-shaped optical fiber cables that involves splicing a short length of

CN115625868A

Butterfly optical cable is currently the most used access optical cable, and plays a huge role in networks such as fiber-optic entry,

machines for fiber optical cable production

Do you want to improve your cable performance or optimize your process to reduce scrap? Get in touch with our experts for in-depth

CN115625868A

The invention relates to the field of optical cable production, in particular to a butterfly-shaped optical cable production device which

Hangzhou Putianle Cable Co., Ltd.

Hangzhou Putianle Cable Co., Ltd. is a coaxial cable manufacturer that integrates research and development, production, and sales,

Pipeline Butterfly-shaped Introduction Optical Cable□GJYXFHS□

For conduit entry of optical cables, the butterfly introduction places the communication unit at the center, with two parallel non

CN114942498A

The invention belongs to the technical field of optical cables, and discloses a butterfly-shaped drop-in optical cable for

Fiber Optic Cable Extrusion Sheathing Line Making Machine for

The company also manufactures equipment for cable extrusion, metal cutting, and pressure vessel welding, alongside customized

Four -end connection methods of butterfly -shaped optical fiber optic ...

Pigtail Splicing Pigtail splicing is a method of connecting butterfly-shaped optical fiber cables that involves splicing a
