

Canadian Environmentally Friendly Cable Tray Support

Article Overview

Canada offers a range of environmentally conscious cable tray and support solutions, including modular, CSA-approved systems with ISO 14001-certified manufacturing practices.

Leading Canadian Suppliers

Unitray is a prominent manufacturer of aluminum cable trays and fittings in Canada. Their products are CSA-approved (Class C, D, and E) and manufactured in standard lengths of 3m, 5m, and 6m. Unitray emphasizes environmental responsibility through compliance with ISO 14001:2004, alongside health, safety, and quality management systems, ensuring sustainable production practices. Their state-of-the-art CNC sheet metal equipment allows efficient, low-waste manufacturing. Superior Tray Systems (STS), based in Vancouver, BC, produces cable bus and tray systems with a strong focus on sustainability. Their 320,000 sq. ft. facility is powered by a 3.6 MW solar energy system and 5.6 MW battery storage, reducing carbon footprint while supporting clean energy initiatives. STS offers CSA, UL, and NEMA-compliant cable trays and support systems suitable for industrial, transit, and renewable energy projects. T&B Cable Tray (ABB Electrification Canada) operates facilities in Quebec and Alberta, producing aluminum and steel ladder trays, one-piece trays, and wire basket trays. Their Iberville plant is recognized as a global center of excellence for cable tray design and manufacturing, offering customized, low-impact solutions with quick turnaround times, minimizing waste and energy use. Mechano Max specializes in modular, bolt-together electrical and instrument supports that integrate seamless...
