

Canadian Local Cable Tray Support Equipment

Article Overview

Top Canadian cable tray support providers include Superior Tray, Unitray, Mechano Max, and Kable Kontrol, offering high-quality, CSA-certified, and customizable solutions for industrial and commercial projects.

Leading Suppliers

Superior Tray Systems Inc. is a prominent Canadian manufacturer specializing in custom-designed cable tray systems suitable for power, control, data, and telecom cables. Their products include ladder trays, solid bottom trays, perforated trays, and wire mesh trays for sensitive or fiber optic cables. Superior Tray emphasizes durability, flexibility, and compliance with CSA and UL standards, making them ideal for both commercial and industrial installations. Unitray is another major player, producing aluminum cable trays with CSA-approved Class C, D, and E ratings. They offer standard lengths of 3m, 5m, and 6m, and their trays are engineered for easy installation, long-lasting performance, and high resilience in demanding environments such as manufacturing, mining, and energy sectors. Unitray also maintains ISO certifications and robust health, safety, and quality management systems. Mechano Max provides modular bolt-together support systems for cable trays, electrical panels, and instrumentation. Their solutions allow quick installation, full adjustability, and on-site customization, eliminating welding delays and hot work permits. Mechano Max supports any size or configuration of instruments and cable trays, offering flexibility for future expansion and precise alignment. Kable Kontrol offers a wide range of durable cable trays for residential, commercial, and data cent...
