

Core switch 24 Ethernet ports and 12 fiber optic ports

Overview

The Comnet CNGE24FX12TX12MS is a fully managed industrial Ethernet switch featuring twelve 100/1000BASE-FX SFP* ports and twelve 10/100/1000BASE-TX ports. All SFP ports support Comnet SFP modules, providing flexibility in fiber type, connector style, and transmission. The HPE Aruba Networking CX 6300 Switch Series is a modern, flexible, and intelligent family of stackable switches ideal for access, aggregation, and data center top-of-rack (ToR) deployments. Built-in 75W power supply and supports 1U/19" cabinet installation. This managed enterprise switch adopts cutting-edge Broadcom chips to deliver 760 Gbps switching capacity. Aggregation switch for small and medium-sized campus networks, with 8 x 1GE/10GE SFP+ uplink ports for high-speed data transmission; 24 x 1GE SFP ports (including 8 x combo ports), providing high-speed network experience for long-distance services. Core switch for small and medium-sized enterprise.
