

Details and pricing of 90-degree cable tray bends

Article Overview

90-degree cable tray bends in the UK range from approximately £2.57 to £17.36 per piece, depending on size, duty rating, and finish.

Pricing Overview

- 100mm Heavy Duty Cable Tray Bend: Sold individually, prices vary by supplier and specifications, typically higher due to heavy-duty construction .
- Medium Duty Pre-Galvanised Bends: Available for standard installations, often in stock with free next-day delivery for orders over £100 ex VAT . Prices generally start around £2.57 per bend for smaller sizes and increase with width and material thickness .
- 150mm Medium Duty Bend: Orbital Fasteners lists prices from £5.28 to £17.36 including VAT, depending on the specific model and flange depth .
- Other Medium Duty Options: MIDFIX offers 25mm deep return flange 90-degree bends, available for next-day delivery, typically priced in the lower to mid-range for medium duty bends .

Factors Affecting Price

- Tray Width and Depth: Larger trays (e.g., 150mm vs 100mm) cost more due to increased material.
- Duty Rating: Heavy duty bends are more expensive than medium duty due to thicker steel and higher load capacity.
- Finish: Pre-galvanised or coated bends may cost more than plain steel....
