

Direct Sales of Cable Trays from Europe

Article Overview

Direct sales of cable trays in the EU are available from multiple manufacturers and suppliers, offering a range of steel, aluminum, and composite systems for industrial, commercial, and infrastructure projects.

Market Overview

The EU cable tray market is mature but evolving, driven by industrial automation, renewable energy, data centers, and public infrastructure modernization. Key demand centers include Germany, France, Italy, and the Benelux countries, with growing opportunities in Central and Eastern Europe due to EU cohesion funds and recovery initiatives. Products include ladder-type, solid-bottom, wire-mesh, and channel trays, fabricated from steel, aluminum, and composite materials, meeting stringent fire safety and installation standards .

Direct Sales Channels

Direct sales typically involve manufacturers selling straight to large OEMs, contractors, or EPC firms, bypassing distributors. This approach allows for customized solutions, bulk pricing, and technical support. Examples of EU suppliers offering direct sales include:

- Eurostrut: Offers hot-dip galvanized or stainless steel cable trays, including distribution trays, NATO-type models, and industrial/marine solutions. Customers can request quotes directly via their webshop for tailored solutions
- Ekabel24: Provides a wide range of cable trays, ladders, and trunking systems in s...
