

Distribution box processing cannot be registered

Overview

Check if you have the necessary permissions: Ensure that the account you're using has the Exchange Administrator role assigned. To do this, log in to the Microsoft 365 admin center and navigate to "Roles" > "Active roles," and make sure the Exchange Administrator role is assigned to. For this example, let's say that you distributed a package to a distribution point but the package is in either a Failed or In Progress state for the DP. log on the site (primary/secondary) where the DP resides. Look for ~Processing package entries in the log and identify the. Got a strange case today, a user was complaining about her cannot receive emails from a distribution list where supposed a mailbox was sent multiple emails but nothing comes in her Inbox. The other are in /COMPLETED/ state. TLD"]MSWNET:

["SMS_SITE=SITECODE"]SERVERNAME. Provider SMSPXE was loaded from C:\SMS_DP\smsbinsmbsp.exe.) How to Enable Verbose Logging in ConfigMgr/SCCM Client: (3:40 Healthy ConfigMgr client. There is a Distribution Point associated with the boundary.
