

Fiber Optic Cable Suppliers for Smart Buildings

Article Overview

Top U.S. suppliers for smart building fiber optic cabling include OmniCable, Incab America, Proterial Cable America, Prysmian, Amerifiber, and Cables Plus USA, offering indoor/outdoor, single-mode, multi-mode, and custom solutions.

Key Suppliers and Offerings

OmniCable provides a wide range of fiber optic cables for smart buildings, including indoor, indoor/outdoor, and outside plant options. They offer over 200 SKUs, custom cutting, kitting, and technical support for distributors managing high-density installations and IoT integration . Incab America manufactures fiber optic cables for indoor, outdoor, aerial, and underground applications. Their products include fire-rated, sensor, and FTTH cables, with engineering support for custom designs and installation guidance . Proterial Cable America specializes in high-performance U.S.-made fiber optic cables, including simplex, armored, and multi-fiber assemblies. Their cables are designed for durability, fire resistance, and high-speed data transmission, suitable for enterprise and smart building networks . Prysmian Group offers single-mode and multi-mode fibers, including bend-insensitive and high-bandwidth options. Their FlexRibbon® and Sirocco™ cables provide compact, high-density solutions for indoor/outdoor and microduct installations, supporting scalable smart building networks . Amerifiber supplies stock and custom-built fiber optic products, including patch panels, jumpers, enclosures, and FTTx solutions. They emphasize rapid turnaround, quality control, and personalized technical support for commercial and residential smart building projects . Cables Plus USA provides a bro...
