

Fireproof cable tray construction in Indonesia

Article Overview

Fireproof cable trays in Indonesia are supplied by specialized manufacturers such as PT East Electric Power, PT Sumber Surya Mandiri, and PT Surya Cakra Mandiri, offering high-quality, fire-resistant systems for industrial and commercial applications.

Key Suppliers and Manufacturers

- PT East Electric Power provides fireproof cable trays designed for critical safety applications. Their trays feature heavy-duty structural steel with intumescent or fire-retardant coatings, solid-base trunking, reinforced interlocking joints, and high-strength mounting hardware to maintain structural stability under extreme heat. These trays are ideal for emergency systems, high-risk infrastructure, and public transit installations .
- PT Sumber Surya Mandiri manufactures a wide range of cable trays and ladders in Indonesia, including rigid open structural systems, enclosed rectangular channels, and wire mesh trays. Their products are designed for industrial and commercial settings, ensuring excellent ventilation, strength, and protection for power, control, and communication cables .
- PT Surya Cakra Mandiri (SCM) specializes in cable ladders, trays, and FRP/GRP systems. Their products are ISO 9001, ISO 14001, and OHSAS 18001 certified, ensuring safety, reliability, and long-term performance. SCM provides tailored solutions for industrial projects across Indonesia, including fire-resistant cable support systems
