

Galvanized cable trays available in stock

Article Overview

Galvanized cable trays, including pre-galvanized and hot-dip galvanized options, are available in stock from multiple suppliers.

Product Options and Types

Galvanized cable trays are offered in a variety of types to suit different installation needs:

- Ladder Cable Trays: Feature horizontal side rails connected by rungs, ideal for supporting heavy power cables and allowing easy maintenance access .
- Wire Mesh or Basket Trays: Provide flexibility and ventilation, suitable for data and communication cables .
- Single Rail Cable Trays: Compact design for lighter cable loads .
- Hot-Dip and Electro-Galvanized Steel Trays: Offer strong corrosion resistance, suitable for harsh environments . Widths typically range from 50mm to 600mm, with lengths available in 1-meter and 3-meter sections, and non-standard sizes can often be ordered to specification .

Suppliers and Stock

- Direct Channel: Offers light, medium, and heavy-duty galvanized trays, maintaining extensive stock for prompt availability .
- RS Online: Provides a wide range of galvanized trays, including hot-dip and electro-galvanized options, with fast delivery and in-store collection where available .
- TLC Direct: Supplies 2-inch galvanized trays in 3-meter lengths, with slotted design...
