

How much does a long-span cable tray cost in Grenada

Article Overview

Long-span cable trays in Grenada typically range from \$10 to \$30 per meter for steel, with higher prices for aluminum or custom-coated options.

Overview of Pricing

The cost of long-span cable trays depends on material, type, size, and surface finish. Common materials include:

- Galvanized steel: Most widely used, balancing durability and cost, generally \$10-\$30 per meter .
- Stainless steel: Corrosion-resistant, suitable for harsh environments, typically more expensive than galvanized steel .
- Aluminum: Lightweight and rust-proof, costing \$20-\$50 per meter .
- Plastic trays: Budget-friendly but not suitable for heavy loads or high-heat applications . Tray types also affect pricing:
 - Ladder trays: Stronger, hold heavier cables, slightly higher cost.
 - Wire mesh or perforated trays: Cheaper, ideal for lighter cabling .

Factors Influencing Cost

- Coatings: Hot-dip galvanized (HDG) or powder-coated trays increase durability and price .
- Custom sizes or designs: Customization can raise the per-meter cost and extend l...
