

Is the 8-port fiber optic terminal box waterproof

Overview

The 8 port Fiber Distribution Box is sturdy in structure, lightweight in size, and easy to install. It can be installed on walls or utility poles, and its waterproof cover ensures maximum moisture protection, ensuring optimal performance in any weather conditions. This distribution box can connect. Deploy a reliable and robust fiber access point with the JUNPU JP-I1-8OA outdoor fiber distribution box. Engineered for FTTH network systems, this all-in-one outdoor optical distribution box seamlessly integrates splicing, splitting, distribution, and cable storage within a single, weatherproof. The 8 port waterproof fiber optic distribution box series (SP-FTTH-A08, SP-FTTH-A08M1, SP-FTTH-A08M2) delivers versatile, high-reliability termination and distribution for FTTH networks. High Port Capacity: Supports up to 8 ports for efficient fiber network management.
