

Manufacturers and brands of pigtail fiber

Article Overview

Key manufacturers of fiber optic pigtails include OTRANS, Foss Fibre Optics, TTI Fiber, Belden, and brands such as Lettel, Sanxing Electric, and Zonde.

Leading Manufacturers

OTRANS is a professional fiber optic pigtail manufacturer with over 20 years of experience, specializing in bulk production of single-mode and multimode pigtails. They offer standard LC, SC, FC, and ST interfaces, serving data centers, FTTx, and telecom applications with factory-direct pricing and consistent quality control . Foss Fibre Optics provides pre-connected fiber cables and pigtails with all common fiber connectors. They focus on high-quality components, rigorous testing, and custom lengths or contact types for applications in trunk networks, FTTH, enterprises, ships, offshore, and power utilities . TTI Fiber manufactures fiber optic cables, patch cords, splitters, and connectivity solutions, including pigtails. They are ISO 9001 certified and offer global shipping, emphasizing quality and reliability . Belden offers traditional fusion splice-on connectors with pigtails, including mass fusion pigtails and single-jacketed or tight-buffered pigtails. Their products are designed for field termination convenience and harsh environments . Other notable brands include Lettel, Sanxing Electric, and Zonde, which provide a range of fiber optic pigtails suitable for FTTx and last-mile network applications .

Product Features

- Connector Types: LC, SC, FC, ST, APC, UPC
- Fiber Types: Single-mode, multimode, G.657A (bend-insensitive)...
