

# New Zealand Low Voltage Fireproof Cable Tray Manufacturer

## Article Overview

Mechanical Support Systems (MSS) is a leading New Zealand manufacturer of low voltage fireproof cable trays, offering locally produced, fire-tested containment systems.

### Key Manufacturers and Suppliers

Mechanical Support Systems (MSS) designs, manufactures, and installs complete cable containment systems across New Zealand. Their products include trays, ladders, baskets, and framing, all locally manufactured using trusted New Zealand steel suppliers. MSS provides fireproof systems tested to AS/NZS 3013:2005, ensuring protection of critical services during fire conditions. They also offer seismic-compliant designs (NZS 4219), BIM modeling, and professional installation services, making them a comprehensive solution for commercial, industrial, and infrastructure projects. FDG Cable Tray FDG offers a wide range of cable trays, ladders, and baskets suitable for low voltage power, data, and audio-visual cables. Their products are available in pre-galvanized and hot-dip galvanized finishes, with options for powder coating or custom painting. FDG trays are modular, adjustable, and easy to install without specialized tools, providing flexibility for future cable maintenance. Tilley & Patton Ltd Specializing in sheetmetal products and components, Tilley & Patton provides design and manufacturing services for cable trays throughout New Zealand. They focus on custom solutions for complex projects, supporting both standard and specialized cable containment requirements. Steel & Tube - EzyTray Steel & Tube supplies a full range of cable trays and ladders suitable for all cable co...
