

Price List of Canadian Steel Cable Trays

Article Overview

Exact prices for Canadian steel cable trays vary by supplier, size, and type, and are typically available upon request or through supplier accounts.

Overview of Canadian Steel Cable Tray Options

Steel cable trays in Canada are offered in a variety of types and finishes to suit different applications:

- **Wire Mesh Trays:** Lightweight, flexible, and ideal for fiber optic or sensitive cables. Options include electro-zinc coated steel for corrosion resistance and customizable grid patterns to minimize cable sag (Cabletiesandmore) .
- **Solid or Channel Trays:** One-piece channel sections suitable for power, control, or telecom cables. These are robust and CSA/UL certified, designed for heavy-duty applications (Superior Tray Systems) .
- **Splice Plates and Covers:** Accessories like splice plates, end closure plates, and section covers are available to complete installations. These are often made of aluminum or steel and packaged with zinc-plated hardware (WESCO Canada) .

Factors Affecting Price

- **Material:** Steel trays are generally more cost-effective than aluminum but may require additional corrosion protection.
- **Size and Load Capacity:** Tray width, height, and load rating influence cost.
- **Finish:** Hot-dip galvanized, electro-zinc coated, or painted finishes affect durability and price.
- **Supplier and Certification:** CSA and UL certifications, as well as custom engineerin...
