

Price of Optical Cable Splice and Bracket

Article Overview

Optical cable splicing brackets typically range from \$10 to \$50 per unit, depending on size, material, and manufacturer.

Overview

An optical cable splicing bracket is used to secure and organize fiber optic cables within splice boxes or enclosures, ensuring that spliced fibers remain protected and properly routed. These brackets are often part of a larger fiber management system, including splice trays, cassettes, and enclosures, which safeguard the fibers from environmental damage and mechanical stress .

Price Range

- Basic brackets for small-scale installations or single splice trays generally cost \$10-\$20 per unit.
- Heavy-duty or modular brackets designed for larger splice enclosures or high-density fiber networks can cost \$30-\$50 per unit .
- Prices may vary based on material quality (plastic vs. metal), compatibility with specific splice boxes, and whether the bracket is sold individually or as part of a kit with trays and mounting hardware .

Where to Buy

- EFB-Elektronik offers a wide range of fiber optic splice boxes and accessories, including brackets, with options for pre-assembled or customizable solutions
