

Price of Plastic Fiber Separation Boxes

Article Overview

Plastic fiber separation boxes typically range from \$10 to \$150 or more depending on port count, material, and configuration.

Factors Affecting Price

- Port Count and Capacity
 - Boxes can accommodate 2 to 48 ports, with higher port counts generally costing more .
 - Pre-loaded units with adapters and pigtails are more expensive than empty enclosures .
- Material and Durability
 - Common materials include ABS, PC+ABS, polypropylene (PP), or polycarbonate (PC) .
 - Weatherproof or UV-resistant boxes for outdoor use are priced higher due to enhanced durability .
- Configuration and Features
 - Indoor vs. outdoor rated units, pre-loaded adapters, splice trays, and locking mechanisms influence cost .
 - Units with integrated PLC splitters or multiple splice cassettes are more expensive .
- Brand and Supplier
 - Suppliers like Bwnfiber, UnitekFiber, and Primus Cable offer competitive pricing, often with bulk discounts .
 - Direct factory orders from China may reduce cost but involve shipping and import...
