

Super Internet Data Center

Overview

Superb Internet Manhattan data center (NYC3) is located at 375 Pearl Street, Manhattan, New York, NY 10038. NYC 3 is a state of the art, purpose-built data center providing a full range of mission critical colocation services. Discussing the Meta Compute initiative, CEO Mark Zuckerberg writes on Facebook that " Meta is planning to build tens of gigawatts this decade, and hundreds of gigawatts or more over time". He adds: "How we engineer, invest and partner to build this infrastructure will become a strategic advantage. ". The Richland Parish Data Center, nicknamed " Hyperion ", is a planned artificial intelligence data center by Meta Platforms under-construction along Highway La. It is one of a number of "titan clusters" being built in preparation for. The Citadel Data Center is situated in the Tahoe Reno Industrial Center, located in Reno, a city in northern Nevada. It is located in the Hiranandani Fortune City in Panvel, which is close to Mumbai. The building exhibits 7,200 racks and consumes 50 MW of power.
