

Vietnam Explosion-proof Distribution Box Model

Article Overview

Popular explosion-proof distribution box models in Vietnam include FXMD, HRD99, CBY20-L, and CZ1290, all compliant with IEC, ATEX, and IECEx standards.

Key Models and Features

- FXMD Series: Designed for industrial applications, compliant with IEC 61439-1 standards, suitable for hazardous zones in petroleum, chemical, and mining industries .
- HRD99 Series: Explosion-proof LED distribution boxes, meeting CENELEC and IEC standards, often used in marine and petrochemical environments .
- CBY20-L Series: Low-voltage distribution boxes with IEC 60598 and IEC 60092-306 compliance, suitable for shipbuilding and industrial plants .
- CZ1290 Series: Modular explosion-proof distribution boxes from CZ Electric, featuring easy operation with panel windows, pre-wired internal connections, and customizable layouts for petrochemical, aerospace, and food processing projects .

Customization and Safety Features

Vietnamese suppliers offer custom switch boxes tailored to factory layouts, load requirements, and environmental conditions. Features include:

- Circuit breakers, busbars, and protection devices for safe current management .
- IP-rated enclosures for dust and humidity protection, corrosion-resistant coatings,...
