

What is the price of a three-level distribution box

Article Overview

The price of a three-level distribution box typically ranges from \$200 to over \$2,000 depending on material, capacity, and features.

Factors Affecting Price

- Material of the Enclosure
 - Plastic boxes for residential use are the most affordable, usually \$10-\$25 per unit .
 - Steel or aluminum boxes for industrial applications cost more, around \$40 and up, with high-grade stainless steel or powder-coated enclosures significantly increasing the price .
- Internal Components
 - Boxes sold empty are cheaper, but adding circuit breakers, surge protectors, and busbars can raise the cost substantially .
 - High-quality or branded components (e.g., Schneider Electric, Siemens, ABB) increase reliability and price .
- Protection and Certification
 - Higher IP ratings (waterproof/dustproof) and certifications like IEC61439, UL, CE, or CCC add 20-30% to the cost .
 - Explosion-proof or intelligent distribution boxes with monitoring systems are at the top of the price range .
- Installation and Labor...
